

MEETING OF HIGHWAY BUILDERS COMPLETED

DESPITE BAD WEATHER ATTENDANCE HAS BEEN GOOD—RESULTS ARE FINE.

WAS LAST MEET IN STATE

Others Under Auspices State Assn. of Highway Commissioners At Salem and Peoria.

The meeting of road builders of northern Illinois held in Dixon this week under the auspices of the State Association of Highway Commissioners and Town Clerks, closed this afternoon. Despite the inclemency of the weather every day the attendance has been good and there is no doubt the addresses, discussions and questions have proven beneficial to all. The meeting was the last of three held in the state, the other two being held at Salem and Peoria.

Afternoon Meeting

Bad weather put a crimp in the meeting yesterday afternoon. Geo. A. Quinlan, superintendent of highways of Cook county, who was on the program failed to appear and Alex. Anderson, superintendent of highways of Ogle county, could not come. L. B. Neighbour, county superintendent of highways, acted as chairman of the meeting, and most of the time was taken up in discussion of questions suggested by the men present.

Talks Are Interesting

Messrs. Leake, Rink, Commissioners Lenox and Fischer and Supervisor C. C. Buckaloo of Nelson township gave interesting talks on roads and road building.

Mr. Taggart of Morrison substituted in place of Alex. Anderson, taking the subject "The One Commissioner Plan." Mr. Taggart discussed the merits of the three, and one commissioner plan. He said:

Favors One Commissioner

"One commissioner can get more wages and can devote more time to the work. Formerly each of the three commissioners received \$2.00 pension; now one commissioner can afford to devote more time to the work and is more efficient. Of course, one commissioner can not be all over the township as the three could. This is the one disadvantage to the one commissioner plan. In Whiteside county eight townships have the one commissioner plan. A commissioner is not expected to take a shovel and pick and get to work; his duty is to oversee the work."

Neighbour Makes Suggestion

Mr. Neighbour in his address urged that the commissioners get together use automobiles and make a trip through the county and see the work of other commissioners. He said "This would stimulate better work for the ones who had not been doing so well and the ones that had done well would take pride in their work."

BROUGHT PRISONERS

Deputy Sheriff Frank Shoenholz went to Amboy last evening and brought to the Lee County Jail Jav. Guffin and Lawrence Vernick who were charged with drunkenness and each fined \$25 and costs and given 30 days in the county jail by Judge Virgil of Amboy.

British Soldiers In France Are Planning To Take French Wives

There is plenty of leisure for the courtship to develop. Frequently British battalions remain in the same section for months at a time. Rock River Will Be Re-opened to Clammers June 15

State Game and Fish Commission Issues Order Lifting Embargo

DEVINE PUT IT THROUGH

Representative John P. Devine this morning received word from the State Game & Fish Commission that his request that Rock River from the land be re-opened for clamming had been honored and that an order has been entered, effective June 15th, allowing clamming to operate in the territory mentioned.

Shells Are Valuable

Mr. Devine undertook the campaign to have the river re-opened at the request of the clammers. Shells this year are worth nearly \$25 a ton, about twice what they have been bringing in the past several years. Mr. Devine showed the commission, through a report of the United States Bureau of Fisheries that in 1913 \$118,767 worth of shells and \$31,929 worth of pearls were taken from Rock river and its tributaries.

AMERICAN TROOPS ORDERED TO PEKING

FRENCH PROTECTORATE AT ANNAM ALSO SENDS FORCE TO CAPITAL OF CHINA.

TROUBLE IS APPREHENDED

Succession In Presidency May Be the Cause of Recent Serious Outbreak.

(Associated Press)

London, June 8.—The Exchange Telegraph Co. says U. S. troops at Tien Tsin, China, have been ordered to hold themselves in readiness to proceed to Peking, and that French authorities have already dispatched a strong force of native troops from the French protectorate at Annam to Peking. The bodyguard of the new president, Li Huan Hung, have assured him of their fealty.

The reports of movement of foreign troops in China indicate apprehension of disturbances which may follow the death of Yuan Shi Kai, former president.

FORCE IS SMALL.

Washington, June 8.—1200 men of the Fifteenth Infantry under Colonel Harry Hale, stationed at Tien Tsin and along the railroad between that place and Peking, and the legation guard of 330 marines constitute the American military force in China. It was announced at the war department today.

Col. Hale might take any part of this force to Peking without instructions, it is said. Advice from Peking have heretofore indicated a remarkably quiet state of affairs in the Chinese republic.

AUTOS DAMAGED IN COLLISION THIS MORNING

WIEGAND'S PIERCE-ARROW AND SMITH'S FORD MIX UP—NO ONE HURT.

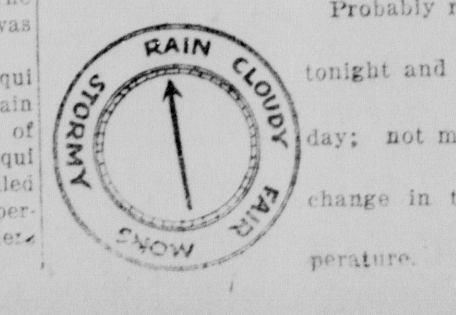

At about 11:15 this morning a large Pierce-Arrow auto owned by E. A. Wiegand of Waukegan collided with a Ford car driven by Herbert Smith of North Dixon at the intersection of Second street and Peoria avenue. The Ford was going south on Peoria and the Pierce-Arrow was going west on Second. The latter struck the Ford car full on the side. The Pierce-Arrow had both headlights and the bumper broken and thrown back against the radiator. The Ford, however, fared worse. The entire left side was bent in and the front axle badly bent. Both cars had side curtains and this probably resulted in the drivers' not seeing each other.

Moose Platform Makers Declare For Americanism

That And Preparedness Are Keynotes of Platform of Party

WOULD RESTORE U. S. NAVY

(Associated Press)

Chicago, June 8.—A ringing declaration for Americanism and preparedness are the keynotes of the progressive platform which was completed today. In co-operation with the republican convention platform builders the progressives hoped to present their document to the convention today or tomorrow.

American planks, minus any direct reference to hyphenism, declared vigorously for upholding American rights on land or sea. It declares the supreme duty of civilization is to make peace permanent after the war. The platform declares for a navy restored to at least second rank in battle efficiency, a standing army of 250,000 and a system of universal military training, the citizen soldiery to be controlled by the national government. Regarding Mexico it says, "Every source of the government shall be used forthwith to enforce these conditions."

The convention was called to order at 2:42 after some delay to prevent the delegates from a rush to nominate Roosevelt. The temporary organization was made permanent and Robins was wildly cheered.

A conference committee to confer with the republicans was proposed by Garfield.

President Of Catholic Church Extension At Big Convention

(The Associated Press) Chicago, June 8th.—The Right Rev. Doctor Francis C. Kelley, president of the Catholic Church Extension Society, delivered the following prayer today before the Republican National Convention here:

"O God, at Whose Creative touch this earth was born, Whose Hand and Whose Voice directs it, Thou art ever first and greatest; to Whose Love keeps it, and Whose realization lights its pathway back nation we would hope in vain. Grant to Thee; O Ruler, by Whose Will is us to know that even the smallest it divided into nations, races and of good acts, if done for Thine honor, tongues that, through wise emulation or glory, will grow greater than the hidden stores of Thy Bounty. fore, every act and thought of ours through which happiness, peace and that is done with the motive of peace security come to its people: O God, in Thy Divine Majesty, Amen."

PROGRESSIVES MAY NOMINATE TEDDY AT ONCE

LEADERS FEAR IT MAY BE TOO LATE TOMORROW—PEACE NOTES ARE DYING.

IGNORE THIRD PARTY

Republican Leaders May Nominate Hughes Friday—Looks Like Third Ticket.

G. O. P. PLATFORM IS STRONG

BULLETIN, 3 P. M.

(Associated Press)

Chicago, June 8.—Progressive leaders, including Victor Murdock, are seriously considering the immediate nomination of Roosevelt. Murdock is quoted as saying, "It may be too late tomorrow."

John McGrath, Roosevelt's secretary, said it would be a hard job to prevent the Colonel's nomination today. Conference among the leaders delayed opening the convention and the din of shouting and singing increased as the opening hour passed without the fall of the gavel.

Chicago, June 8.—As political leaders gathered for the second day's session of the republican and progressive conventions, it became more apparent that there will be two tickets in the field.

"Left Door Open."

Victor Murdock summed up the progressive situation: "We left the door open and the republicans don't seem to be coming in." Republican leaders, too, discounted the success of peace talk.

Nominate Friday.

The republican nomination will no doubt be made tomorrow but the convention will not adjourn before Saturday, ostensibly to give deliberate consideration to second place, but it is believed the real purpose is to avoid adjournment until the progressive convention has acted.

To Disregard Progs.

A majority of the republicans are said to have decided to proceed without regard to the third party and to nominate Hughes. The progressive convention will probably not nominate before Saturday; delegates are confident the ticket will be Roosevelt and Johnson.

Perfect Organization.

At 2 o'clock the republican convention had perfected its permanent organization with Senator Harding as permanent chairman, and was awaiting the report of the resolutions committee. The women's suffrage and the Mexican planks were carried to the full committee, which voted to endorse in principle women's suffrage. Advocates of suffrage were wildly enthusiastic over the endorsement of their measure. The committee voted against a prohibition plank.

Reject Suffrage Plank.

A proposed plank in the republican platform declaring for Women's Suffrage was rejected by the sub-committee on resolutions, 5 to 4. Borah, Sutherland, Fall and Representative Madden of Illinois voted in favor of the

SALT LAKE CITY.

Salt Lake City is a lonely little town in the midst of a vast empire of salt, sand and sagebrush. It has less population than Camden or Cambridge or Reading or Meirut or Yekaterinoslav or Nagpur or Bridgeport or Helsingfors. Yet it is much easier to find Salt Lake City on the map or in the encyclopedia or in the headlines than it is to locate these larger places. Salt Lake City has enough fame to supply the average city of 50,000 and it would willingly give away about 75 per cent of it.

Salt Lake City was established by the Mormons for the free and unlimited coinage of families and for many years it had more wives and less husbands than any town west of Turkey. Prominent citizens kept track of their children by alphabetical index and the man who couldn't maintain a day nursery or a kindergarten all by himself was considered unpatriotic and did not presume to run for office. The government has changed all this and Salt Lake wives now have individual husbands. But the same old fame still sticks to the town and the average tourist is loudly disappointed because he sees no fine old Mormon children taking his wives out for an airing in three motor busses.

Salt Lake City is also famous for the lake from which it was named. This lake is one of the wonders of the

world. It is 80 miles long and so salty that only codfish can live in it. Thousands of tourists bathe in it annually and proudly carry off little deposits of salt behind their ears to show to the loved ones at home.

Salt Lake City is the home of the deodorized Mormon Church and it is proud of its great temple and its vast Tabernacle, whose acoustics are so acute that if an Englishman drops an "H" in one end of the hall, people 150 feet away in the other end can hear it bounce. It is also proud of its wholesale houses, its new and vast hotels, its streets, which are navigable in the gutters and so wide that hurried people take taxicabs to cross them, its Alma club of millionaires, its mountain ranges which edge up into the outlying wards and supply free scenery at all times of the year, the great marble homes of the mining kings, its territory 1,000 miles square, of which it is the metropolis, and Maude Adams, which the city still regards as its principal export, in spite of its big smelters and its factory district.

Salt Lake City does not budge the international census figures out of shape, but very few people overlook it while traveling west of Omaha, and it is original in design, history and politics.

PRINCESS THEATRE

Tonight the Princess will show the tenth chapter of "The Girl and the Game" series, featuring Helen Holmes; also will appear Ed. Coxen and Lillian Thorne in "His Masterpiece."

It has been said that writers of scenarios display no originality, but pattern one story after another until all have the same general theme set amid new surroundings. Those seeking novelty in film production will find it in "His Masterpiece," the American drama with Coxen, Thorne and Margaret Nichols in leading roles.

This photoplay is unique and presents an interesting and tense story of an artist in a novel manner.

MAYOR THOMPSON WINNER OVER WEST

Former Governor Deneen Flays Both Winner and Sherman.

Chicago, June 8.—Fulfilling the expectations of his supporters, Mayor William Hale Thompson had easy sailing in the election of Republican national committeeman from Illinois. He defeated Roy O. West by a vote of 38 to 17, friends of both Sherman and Lowden giving him aid in the balloting. Mayor Thompson was mercilessly flayed by former Governor Charles S. Deneen in the caucus of the Illinois delegates in the gold room of the Congress hotel. The former state executive also charged Lawrence Y. Sherman with ingratitude. Mr. West, who has been Republican national committeeman from this state for the last four years had been importuned to withdraw from the contest in favor of the mayor, but he steadfastly declined to do so, although it is said that for some time he had despaired of winning the honor.

A Service That Really Serves

There are two sides to this idea of automobile service.

One is the service the car gets.

The other is the service it gives.

We're equipped in our Service Station for every kind of mechanical service Maxwell owners need. No matter where or when the car was bought. No matter whether the trouble is big or little.

But the big thing is the service the Maxwell gives. For the greater the service a car will give, the less it requires at the hands of the repair man.

Here's the Maxwell service record fully authenticated by the American Automobile Association.

Hospital Patients Remembered

The hospital board wish to express their appreciation of the fresh fruit and vegetables which have found their way to the hospital this spring—the gifts of kind and thoughtful people.

Everyone knows that fruit and vegetables purchased from the markets often lack that freshness which marks the products of the home garden, and the appetite of the ill is fastidious. Here is an opportunity for many others, who have an over supply of rhubarb, lettuce, and other garden products, to be helpful. Much is done on Thanksgiving Day to fill the hospital cellars, but would it not be a good idea to extend the Thanksgiving Day idea a little further so that it might stretch around the year?

Many of the sick, too, have no friends in town, could have their days brightened by flowers through a little additional thoughtfulness. Here the children might be of assistance, for who doesn't appreciate the flower brought by childish hands—if it be an insignificant posy—far more than the rarest hothouse product?

To Give Address

L. W. Mitchell of this city and P. W. Mason of Ambor will be among those to make addresses at the Genesee township, Whiteside County, picnic, to be held at Miner's Springs park, June 15th. Mr. Mitchell is a former boy of Genesee township. The picnic is an annual affair.

Postpone Social

The weather has made another postponement necessary—that of the ice cream social to have been given on the lawn of the parsonage of the Congregational church by the Dorcas society. The postponement is made indefinite.

Double Shower

Sterling Gazette: Miss Lena Rutt and Miss Mary Hall, brides of the month, were happily surprised last evening by members of Mrs. A. J. Robert's Sunday School class of the Christian church. The affair was a picnic supper and it had been planned to go to the Heights for supper, but the rainy weather made this impossible and the evening was spent at the Fine home on Fourth avenue. A delicious picnic supper was served at 6:30 o'clock and the evening was spent informally. During the evening the guests of honor were given a towel shower.

Miss Rutt will become the bride of Roy Erben Wednesday, June 21, and Miss Hall's marriage to Harry G. Stitzel of Dixon, will be solemnized next Wednesday.

Alumni Banquet

The Alumni Association of the North Dixon high school will hold its annual banquet in Kindergarten hall Friday evening, June 9th. The banquet will be served by the ladies of the Grace Evangelical church. An interesting program of toasts will be given at the close of the banquet which is to be presided over by the president, Ray Miller. A large attendance is expected as already seventy responses have been received.

Below is given the last announcement of the North Dixon Alumni Association before its annual banquet to be held tomorrow evening.

Kindly notify Miss Raftenberger or Mr. McKenney for reservations if same has not been done. Much of interest will occupy those attending this meeting. We have the anniversary once a year and it is inexplicable why Dixon members cannot attend. Suitable notifications has been given, particularly to Dixon members. This organization represents the only tie which binds its members to the school period, a period fraught with great promise and brilliant hopes. In the absence of the treasurer, Merritt Lord, Everett Dutcher will have charge of the finances.

The association program: Registration.
Supper. (Served by the ladies of the Grace Evangelical church.
President's Address of Welcome, Ray Miller, 1916 Class Response Solo, Miss Marjorie Wingert.
Reading of Minutes of 1915 Meeting.
Roll Call.
Greetings from Absent Members.
Piano Solo, Clinton Fahrney.
Election of Officers.
Of particular interest to the members of the association will be the reading of letters from absent members, and one fraught with unusual interest will be that written by Percy Smith, who is at present in Japan.

ALL FASCINATED BY WOMAN'S HAIR

Nearly every woman who has an ordinary head of hair can by giving it just a little attention, have luxuriant hair, soft, fluffy and radiantly beautiful.

It's a good thing to know this because hair preparations that put life and lustre into dull looking hair are scarce, but it is a fact known to nearly every druggist in America that Parisian Sage, a delightfully clean, and refreshing tonic not only will make your hair look 100 per cent. better but will quickly stop it from falling, rid it of dandruff and scalp itch.

It's well worth a trial and Rowland Bros. who dispose of a great quantity of it will tell you so, and will refund your money if it isn't all you expect.

Petrograd Reports 211 Guns and 49 Bomb Throwers As Part of Booty—Turks Force Back Russ at Bagdad—Italians Again Check Austrians.

London, June 8.—The Paris mid-night communique says: "The Germans announced that Fort Vaux fell into their hands during the evening of the 6th of June. On the 6th at 3 o'clock in the morning Fort Vaux was still in our hands; from that time on, due to the violence of the bombardment, we have not been able to establish any communication with the fort."

Petrograd, June 8.—In their new offensive movement the Russians have captured more than 40,000 men, it is announced officially. The statement says that on the line between the Fripet and the Rumanian frontier, over which the campaign is being fought, the Russians thus far have taken 850 officers, 40,000 men, seventy-seven guns, 134 machine guns and forty-nine bomb throwers.

Czar Has 1,000,000 Men.
London, June 8.—The interest of the military critics of Europe is now centered on the armies of the czar. The Russian offensive has now been in operation for a week, each day growing in length of line attack and in infantry rushes.

The czar has more than 1,000,000 men massed along the line from the Fripet marshes to Pruth, in the Besarabian region, critics believe. The Austrian defenders are of but half that number.

IN CLASH WITH HIGH COURT

State's Civil Service Commission Has Difficulty About Salaries.

Springfield, Ill., June 8.—A clash of authority between the supreme court and the civil service commission of the state is seen in the petition for a writ of mandamus which the supreme court allowed Henry S. Vandenburg to file in the court. Vandenburg, employed in the office of the clerk of the supreme court, seeks to compel State Auditor Brady to issue a warrant for his salary from Dec. 1, 1915, to June 1, 1916. Brady refused the warrants because he was not directed to do so by the civil service commission.

A. Lilly, while John J. Corwal appears to have been named by the Democrats.

HEAVY GERMAN BLOW
AT FORT VAUX FAILS

Crown Prince Says Losses Are
Greatest of War.

Paris, June 8.—The repulse of a
powerful German attack on Fort Vaux
on the Verdun line, with heavy losses
to the attackers, is announced in an
official statement issued by the war
office. Violent bombardment of the
fort is still being carried out by the
Germans.

The attack on Fort Vaux started at
8 o'clock Tuesday night and was
promptly checked by the fire of the
French machine guns.

Geneva, June 8.—Crown Prince
Frederick William of Germany, in a
letter written to a wounded officer,
formerly a member of his staff, who
is convalescing at Davos, says that
though he has visited several battle
fronts, the fight before Verdun is the
most terrible of the war. The losses,
the crown prince is quoted as saying,
are frightful, but, from the German
point of view, heavy sacrifices must
be made in order to obtain the mili-
tary objective.

you'll only give me a chance. You
ought to hear me say: 'Yes, moth-

"You say this man is a favorite
son?"

"Yes."

"What did you say?"

"Housse afire! Quick!"

"The lady smiled. 'Is that all?'"

she said sweetly.

"Well, replied the man, hope-

The Lad Rode on
With the Princess.

Daddy's Bedtime

Story — A Princess
Runs Away
With a Lad.

[Adapted from Grimm's Fairy Tales.]

WHEN the children begged daddy to tell them a story he began:
"There was once a fox who helped a lad to get a golden bird, a
horse and a princess for a king. The game was that if the lad got
the princess to leave her home the king would give him the gold
horse. But first he had to dig away a big hill that stood in front of the king's
window. The fox did this for him, and then the lad ran to the king and said:
'Your hill is gone. Now give me the princess.'

"The king was obliged to keep his word, and away the lad and the princess
went. But the fox said: 'This will never do. We must get all three.'

"That would be great!" said the lad. "But how can we do it?"

"If you will obey me it can soon be done. When you come to the king's
castle where the gold horse is and he asks you for the beautiful princess you
must say, 'Here she is.' Then he will be glad to see her and run to welcome
her. You must mount your gold horse they give you, put out your hand to
take leave of them, but shake hands with the princess last. Then lift her
quickly up on to the horse behind you, stick your spurs into your horse and
gallop away like the wind."

"All went as the fox had said. Then he came to the lad and told him:
'When you come to the castle where the gold bird is I will stay with the
princess by the door while you ride in and speak to the king. When he sees
that you have the gold horse he will bring out the gold bird, but you must sit
still and say you want to look at the bird to see if it is the real one. When
you get the bird in your hand you must ride away as fast as the wind.'

"This also happened just as the fox said. The lad carried off the bird, the
princess mounted again, and off they rode till they came to a big wood. On
their way through the wood their old friend, the fox, came to them again.
'Pray kill me! Cut off my head and my brush!' he cried.

"But the young man would not do such a thing to so good a friend. So
the fox said: 'Then I will give you some more advice. Beware of two things—
ransom no one from the gallows and sit down by the side of no brook.'

"So the lad rode on with his princess till they came to a village where he
had once left two brothers who had set out to find the gold bird, but who had
failed because they stayed there to make merry. He heard a great noise, and
when he asked the people what was the matter they said, 'Two rogues are to
be hanged.' As he came nearer he saw that the two men were his two broth-
ers, who had turned robbers."

plank, while Wadsworth, Lodge and Clark of Connecticut and Howland and Oliver cast their votes against it. The fight will probably be carried before the full committee.

Other Planks Adopted.

The sub-committee adopted a plank offered by Fall strongly attacking the administration's policy in Mexico and other planks dealing with labor, Americanism, national defense and other leading questions have been adopted in platforms intended to meet progressive sentiment. They will be reported to the full committee today. Planks for recall, initiative and referendum were rejected by the sub-committee.

Refers to Mexico.

Concerning Mexico a resolution refers to the "deplorable" conditions there as a result of the administration's policy and speaks of the shame Washington's policy has inflicted on the United States. It pledges the re-

publican party to provide absolute protection for our citizens along the border and in Mexico.

On Industrial Preparedness.

The platform declares for military and industrial preparedness and an army and navy able to meet any possible foe. There are also strong declarations for universal military training and for the restoration of a protective tariff. The platform favors a merchant marine, reaffirms the Monroe Doctrine and adopts some social justice planks from the last progressive platform including child labor, and women's hours in factories. It favors national control of transportation agencies by constitutional amendment if necessary.

The convention recessed at 2:30 until 4 o'clock as the resolutions committee had two hours' work ahead. During the afternoon speeches were made by Chauncey Depew, aged 82, Uncle Joe Cannon, Senator Borah and others.

On Philippines.

The resolutions committee inserted a plank to affirm that the Philippines should be kept under American guardianship until the natives are capable of self-government. A plank calling for nation-wide compulsory military service was defeated 23 to 18.

The F. Brown Company yesterday sold 160 acres Lee County farm; located in East Grove township, to W. E. Wilson of Millersburg, Iowa. The price was \$140.00 per acre.

Optical Illusion

Jones, beautifully drunk, staggered his way up the street where in he lived, with a dignified yet hostile glare in his eyes. As he approached his home he braced himself and his gait was becoming noticeably steadier, when all of a sudden he plunged headward and fell, striking his nose against a barber's pole.

As they raised him off the ground he managed to articulate:

"Whazzat woman with striped stockin's got against me?"—Ginger.

LODGE HEADS RESOLUTIONS

Massachusetts Man Is Agreed on for Hot Stuff.

Chicago, June 8.—Immediately after the adjournment of the Republican national convention the committee on resolutions met and elected Senator Henry Cabot Lodge of Massachusetts as chairman and Delegate Charles F. Scott of Kansas as secretary. A sub-committee of nine to formulate a platform to be later submitted to the entire committee was announced to be composed of the following members: Senator Lodge, chairman; Senator Borah, Idaho; Senator Sutherland, Utah; Senator Fall, New Mexico; Representative Madden of Illinois; Senator Howland of Ohio; Senator Oliver of Pennsylvania; Senator Wadsworth, New York, and Charles H. Clarke of Connecticut.

IS ONLY MEMBER ON ROLL

Reunion of Mexican War Veterans of 4th Illinois Will Have One.

Brazil, Ind., June 8.—The seventieth annual "reunion" of Company H, of the Fourth Illinois infantry, Mexican war, will be held Thursday, June 16, at Center Point, although the Reverend William M. Givens, retired minister, is the only surviving member.

Following the usual custom the roll of the company will be called. Mr. Givens is the only man in Clay county who is the father of a civil war veteran.

TO TEACH MILITARY SCIENCE

University of Chicago Decides to Offer New Course.

Chicago, June 8.—The University of Chicago will offer a course in military science next year.

The decision, according to President Harry Pratt Judson, was arrived at as the result of the presentation of a petition signed by more than 500 students, asking that such a course be included in the curriculum.

Dry Candidates Named.

Indianapolis, June 8.—Indiana prohibitionists in state convention nominated Elwood Haynes of Kokomo for the long term senatorship and W. H. Hickman of Terre Haute for the short term.

Orpet Jury Complete.

Waukegan, Ill., June 8.—The jury which will try Will Orpet for the murder of Marion Lambert was completed at Waukegan after twenty days of court sessions.

"DON'T TOUCH ME, I'M DEAD"

Little Boy Is Picked Up Unconscious After 20-Foot Fall.

Hartford City, Ind., June 8.—"Don't touch me, I'm dead!" was the command of a baby voice, as James Cronin, age six, lying in a limp heap at the bottom of a large shade tree at their home.

The boy fell twenty feet when a limb broke with him when he was climbing the tree. He was unconscious for only a short time, and no bones were broken.

Druggists Opposed to Heavy War Tax.

Springfield, Ill., June 8.—War taxes were expected to be the big subject of discussion by the 1,200 delegates here to attend the joint convention of the Illinois Pharmaceutical association, and the State Pharmaceutical Travelers' association. Druggists, it is said, feel that they are called upon to bear too heavy a share of the war tax.

You Get the Worst of it.

EVERY business man knows that if a merchant keeps lowering the price on his goods, he must inevitably lower the quality--you get the worst of it. And it's really your fault because you encourage it if you let price dominate your buying.

The merchant knows how the glamour of a low price affects people; many merchants can't resist the temptation that you throw in their way; they know quality must be lowered if prices are lowered---but why bother about that if you don't.

It's All Wrong

The fact of the matter is You Want Quality—no man buys an inferior thing deliberately just because it is low priced.

We Know What You Want-- What You Need in Clothing

You want quality and you want to get as much of it for your money as you can. Well, there's a certain point in quality below which you can't afford to let your price go—it's \$15, good fit, style, workmanship and lasting qualities can't be built into a suit for less money; one of these \$15 suits will outwear two of the ordinary kind at \$10. You can see that when you pay a few dollars less than the quality price, you cut the life of your suit in half. It's in your interests we say this, there's the same proportion of profit for us in a cheap suit as in a good one—we want you to get full value—that's why we want you to buy clothing based on quality rather than price.

Pay enough to get over the "dead line" in quality—here you'll get more in clothes for your money than anywhere else in Dixon.

WRECK OF WARSHIP SEEN OFF DENMARK

Copenhagen Dispatch Says Nationality Is Unknown.

London, June 8.—A Central News dispatch from Copenhagen says the Swedish steamer Vanda passed the wreck of a gigantic warship on Saturday, the nationality of which it was unable to ascertain.

Hundreds of bodies were floating around the wreck and for three hours the Vanda steamed among dead sailors. Near the spot where the Derelict was encountered, the wreck of a big sailing vessel, apparently an innocent victim of the Jutland battle, was sighted.

The Copenhagen correspondent of the Daily News learns from Kiel that the first unofficial estimate of German losses in the North Sea gives the number of killed at 800, of wounded at 1,400, and of missing 4,500.

Berlin, June 8.—An official statement on the fight in the Skagerrak, issued here says:

"The British loss in lives in the battle is estimated at more than 7,000." Amsterdam, June 8.—The Telegraaf says that a German destroyer struck a mine and went down off Zebrugge on May 31.

Paris, June 8.—The French destroyer Fantassin, 440 tons, has been sunk in a collision. Her crew was rescued.

SENATOR BRYAN RUNS THIRD

Partial Returns from Florida Primary Are Against Renomination.

Wall of Tampa has second place by those returns, with the incumbent, Nathan P. Bryan, third, and former Governor Albert W. Gilchrist fourth.

There are five candidates for governor. S. J. Catts, Jon L. Farris and W. V. Knott are said to be leading.

ASQUITH TAKES KITCHENER POST

Death of War Lord Stirs British Recruiting.

DEMAND ALIEN INTERNMENT

Expressions of Sorrow for Tragedy to Britain's Military Master Mind Received from All Entente Countries and Colonies—Northcliffe Newspapers Add Their Tribute.

London, June 8.—A marked stimulus to recruiting—last day under voluntary group system—and a general demand for the internment of all enemy aliens in Great Britain, regardless of age, sex or naturalization, are immediate resultant of the death of Lord Kitchener.

There is possibility of a political struggle in the background concerning the appointment of his successor. This lies in the fact that some believe the post should go to a civilian, while others are for the appointment of a military man, preferably Sir William Robertson, chief of staff.

Asquith Takes Office.

Premier Asquith has taken charge of the war office temporarily, it was announced.

A memorial service to Earl Kitchener will be held in St. Paul's Cathedral June 13. King George and Queen Mary will attend the service.

Speaking at a luncheon of the British Imperial council of commerce A. J. Balfour, first lord of the admiralty, eulogized Earl Kitchener, who, he said, to Great Britain's allies was "the embodiment of the military forces of the empire."

Perhaps the greatest triumph of Kitchener's life, Mr. Balfour said, was his successful effort to create a vast military machine, which was now prepared to do its share in the military undertaking of the allies.

Papers Praise Kitchener.

The Northcliffe papers, too, in their editorials on Kitchener the man, are in accord with all others in their warm praise of his work. The Morning Post urges Lord Milner as Kitchener's logical successor, and holds that the appointment of Lloyd-George would be a mistake.

The British army went into mourning for its late chief.

From allied and neutral countries, the dominions, colonies and dependencies came a flood of cablegrams expressing sympathy.

Hurley Heads Trade Commission.

Washington, June 8.—Members of the federal trade commission have voted to make Commissioner Edward N. Hurley chairman to succeed Joseph E. Davies, effective July 1, and to adopt the rotation system in the chairmanship employed by the Interstate Commerce Commission.

DePauw Gets \$244,000 Donations.

Greencastle, Ind., June 8.—Gifts to DePauw university totaling \$244,000 were announced at the 1916 commencement exercises. It is understood that a campaign to increase these gifts to \$500,000 will follow the announcement of the donations.

Yuan's Son Suicides.

London, June 8.—A dispatch to the Exchange Telegraph Company from Peking declares the eldest son of Yuan Shi Kai committed suicide after the death of his father, president of the republic.

CONVENTION IS VERY SANE

Sessions Are Quietest in Party's History—Only Grant's and Lincoln's Names Mentioned in Extolling Deeds of Party—Moose Cheer One Hour and a Half for Roosevelt.

Chicago, June 8.—The Republican convention of 1916, generally regarded as the most momentous and important in the history of the party, held its first day's session, did the work allotted to it and adjourned with hardly more than a ripple of excitement.

There was mild patriotic demonstrations, such as the singing of "America" by the thousands packed into the wide spaces of the Coliseum, and the crowd rising and remaining standing while the band played the "Star Spangled Banner," and generous applause for the "keynote speech" of United States Senator Warren G. Harding of Ohio, in which he made a plea for harmony between the Republican and Progressive parties.

Senator Harding mentioned only the names of Lincoln and Grant in extolling the party's past.

Mild Session.

Aside from that the business of the first session was conducted without interruption or incident, and the question of the nominee for president is still as open as it was before the convention met.

Second Day's Session.

At 11 a. m. the convention was called to order by the temporary chairman, Senator Harding.

The proceedings were opened with prayer by the Rt. Rev. Francis C. Kelley, D. D.

The committee on credentials reported its approval of the action of the national committee in the settlement of the contests involving sixty-two seats.

The report of the committee on permanent organization was received and Senator Harding was made permanent chairman, and most of his aids continued at their posts.

The report of the committee on rules and order of business, was adopted by the convention. The convention proceeded to the adoption of a platform.

Hughes Seems to Be Growing.

To the keeper of the observance and to the men who occupied their time in counting noses the strength of Justice Charles Evans Hughes seemed to be growing, with no signs of a strong coalition against him being formed. There was not even the hint of a Roosevelt or a favorite son outburst, and the speech of Senator Harding did not appear to have a personal note that would launch him into the ranks of the leading candidates with a chance of carrying the convention by storm. The convention does not appear to be of the stripe that is carried away by eloquent speeches.

Bull Moose Cheer 96 Minutes.

The spirit of the Bull Moose was rampant at the first session of the Progressive National Convention—the spirit of Theodore Roosevelt first, last and all the time, and no compromise. The first mention of Roosevelt's name from the platform in the keynote speech of Raymond Robins, temporary chairman, was the signal of the wildest and most prolonged demonstration ever witnessed at a national convention.

It lasted for one hour and thirty-six minutes—from 1:05 to 2:41—and ran the gamut of emotional display from deep-toned prayer and song on the part of old men to shrill hysteria of women delegates, who draped themselves in flags and ran up and down the aisles, laughing and crying and waving banners.

The convention took a one day recess for a day to permit the committees, it was explained, to prepare their work.

New York, June 8.—Arthur Warren Waite obtained a stay of execution on an appeal notice filed by Attorney W. R. Duell. Waite, who was sentenced to die the week of July 10 for the murder of John E. Peck, his millionaire father-in-law, is opposed to the appeal, Duell said.
